

About Us

Queensland Justices Association (QJA) is the peak industry body of Justices of the Peace (Qualified) – JP (Qual), and Commissioners for Declarations – C.Decs, in Queensland. Founded in 1918, QJA has a long history of providing professional support to its members.

The aims and objectives of QJA are to promote and advance the interests of JPs and C.Decs, to keep them informed of the latest developments relating to their duties and to assist the broader community in accessing the services of JPs and C.Decs.

This includes the provision of preparation training and support to new JPs and C.Decs and encouraging all JPs and C.Decs to volunteer in the community.

QJA has over 5,500 members and is an advocate for JPs and C.Decs in Queensland.

QJA has a co-operative relationship with the Queensland Government.

QJA is a member of the Australasian Council of Justices Associations (ACJA).

CORPORATE TRAINING

QJA is a registered training organisation (RTO) that can offer your organisation training in the accredited. 30942QLD – Course in Providing Community Justice Services (Justice of the Peace [Qualified] and Commissioner for Declarations). See our training brochure for more details.

Why Corporate Membership?

QJA has long supported JPs and C.Decs on an individual basis. However, we understand that in today's fast-paced, ever-changing world, many people do not have the time to attend traditional, community-based workshops, or read articles in their spare time.

If your organisation has a number of JPs and C.Decs, who primarily use their title for work purposes, Corporate Membership is a terrific way to offer your employees ongoing professional development and support.

It also offers you the opportunity to raise your profile with an esteemed group of people who are committed to life-long learning and serving the community. In addition, you will know you are being a responsible corporate citizen by creating a workplace culture committed to supporting the civic duties of your workers.

Corporate Training & Professional Development Program

QJA understands that many full-time workers may be unable to attend JP and C.Dec training and professional development workshops in their own time. To address this, we can bring accredited training and workshops to your workplace!

We can tailor a professional development program to your workplace needs. We understand that each workplace is different. We will negotiate with you whether you would like a full-day, or a half-day workshop and whether it's your place or ours.

As a Registered Training Organisation, we can train your staff to become JPs or C.Decs with the nationally recognised, accredited qualification. Our qualified trainers have a working knowledge of the latest trends and best practice in JP and C.Dec duties.

Unlike many other training and professional development programs, we can negotiate depending on the number of attendees, to ensure you get maximum value for money.

Corporate Members will receive significant discounts on professional development workshops provided by QJA.

WEB SOLUTIONS

QJA offers a range of innovative web-based resources for ongoing professional development, including the Members Only section of our website, which contains forums, videos and other resources to assist JPs and C.Decs in their duties. Our Guide is available as an e-book and we have a QJA app for smartphones and tablets.
